NOVEMBER LIVE IMPLEMENT SALE

Lawrie & Symington Ltd held their Final Live Implement Sale of 2026 on Thursday 19th November with a smaller entry of tractors and implements forward for today's sale, but what we lacked in volume we certainly made up for in quality and value.

Despite fewer lots on offer, there was a good mix of buyers present, with interest coming from both local and Irish customers alike.

Top price of the day was £22,500 for Wacken Neuson Digger.

Overall, a positive final sale with good-quality machinery attracting plenty of interest and buyers willing to pay a premium for the right equipment.

Many thanks to all our venders, purchasers and everyone who supported our live auctions this year.

Our next sale will be an Online Sale held on Thursday 10th December, and we are now accepting entries.
